

IIEE-State of Qatar Chapter Profile

2013 & 2012 Most Outstanding Chapter (Foreign Category)
2013 & 2012 Chapter Excellence Award (Platinum)

2014 Theme: "Continuously Enhancing Practitioners' Competitiveness towards Global Excellence"

Profile

IIEE – State of Qatar Chapter (SQC) is a non-stock, non-profit, non-political, non-religious organization duly recognized as an accredited chapter of the Institute of Integrated Electrical Engineers of the Philippines, Incorporated. The Chapter exists under the guidance of the Institute and in accordance with the laws of the Republic of the Philippines.

IIEE – SQC was accredited as a chapter by IIEE – National Office in Manila and by the Philippine Embassy – Doha, State of Qatar in December 2005. It is a professional organization of practicing Filipino Electrical Engineers in the State of Qatar whose objective and purpose is geared with the Continuing Professional Education program of the Philippine Professional Regulation Commission (PRC), and assist in one way or another in the socio-civic activities of the Philippine Embassy in the State of Qatar.

Our Vision

To be the best and most prestigious professional technical organization in the Philippines.

Our Mission

To deliver high – quality services and products for the purpose of instilling excellence in the Electrical Practitioner, enhancing the Electrical Profession, and making a positive contribution to national development.

Purpose and Objectives

- To unite all Filipino migrant Electrical Practitioners who are presently working in the State of Qatar into one dynamic chapter of IIEE.
- To recruit and encourage more members to join IIEE. To encourage membership of fellow electrical practitioners to join IIEE-SQC.
- To update chapter members on the recent development of the Institute and of the Electrical Engineering Profession in the Philippines in general.
- To establish a direct link and cooperation between chapter members and other international technical societies relevant to the profession.
- To promote the advancement of Science and Technology in the field of Electrical Engineering and to effect technology transfer through interactions and symposiums with the prominent multi-national practitioners of various professions.
- To facilitate the exchange of technical information, knowledge, ideas and experience for the benefit of the Electrical industry in particular and of the Philippines as a whole.
- To foster a sense of fellowship, brotherhood and camaraderie among its chapter members.
- To provide brotherly assistance to any fellow chapter members who are in the state of distress while working in the state of Qatar.
- To contribute and render humanitarian activities to distressed Filipino community in the State of Qatar as well as in the Philippines.
